HOSTED BY:

**GEORGIA
PROSTATE CANCER
COALITION**

HIGH PRIORITY GLOBAL/U.S. PUBLIC HEALTH ADVOCACY LEADERSHIP OVERVIEW

Dear Distinguished Leader:

With the current U.S. public health situation -- and heightened intensity within adversely impacted disadvantaged communities -- all sectors, especially government -- are confronted with the imperative of developing new strategies of public participation. This has created a tipping point for diversity-based public engagement.

Seeing the critical global dynamics at play during this fall 2020, Georgia Prostate Cancer Coalition (GPCC) is hosting Dr. Peter Glegg, M.D., a global public health legal expert, to speak in Georgia and specifically address:

"The Legal Reference Points Of Public Policy Accountability To Global

Public Health Stakeholders".

We are honored to invite your onsite participation at our round table leadership discussion on Monday, Oct. 5th, 2020 with Dr. Glegg and other key metro Atlanta leaders like yourself. The round table will also be viewed by a live virtual audience, as a part of a joint news conference - round table virtual event.

The GPCC news conference will take place with our board members prior to the round table discussion, and will give GPCC the opportunity to invite the media to cover the round table leadership discussion that follows with your participation. You are welcome to view the news conference virtually.

We are requesting guest leader round table participants to check in at 12noon onsite at the Peachtree Offices at Buckhead Lenox Center (3355 Lenox Rd NE, #750, Atlanta, GA 30326). You will be directed to the conference room for the round table, where a light lunch will be available, with social distancing practices in place. The round table will go live at 1:00pm and will end around 2:30pm.

Live Zoom Meeting provisions will accommodate general audience viewing of your participation at the round table. More event details will be emailed to you leading up to October 5th.

We thank you in advance for your confirmed participation at this critical leadership discussion of global import. Please click on our "RSVP HERE" buttons, or email: uzmakhan@georgiapcc.org.

Looking forward,

**The Board of Directors
Georgia Prostate Cancer Coalition**

ABOUT OUR GUEST KEYNOTE SPEAKER

Keynote Guest Speaker: Dr. Peter Glegg M.D.
Global Public Health Legal Expert
Senior Legal Advisor, University Hospital of the West Indies

Dr. Peter Glegg, M.D. is the Senior Legal Advisor for the University Hospital of the West Indies, an internationally recognized academic institution affiliated with the University College of the West Indies (UCWI) (initially tied to London University), located in Kingston, Jamaica.

As an Attorney at Law, he represents the interests of the Hospital in the Emergency Operations Committee of the Ministry of Health and Wellness dealing with the COVID-19 pandemic in Jamaica.

He is also a member of the Hospital's COVID-19 Taskforce.

A Lecturer at the Norman Manley Law School on the Mona Campus of UCWI, he has a background in Television, as well as Student Affairs and Teaching. Dr. Glegg is also a Senior Resident in General Surgery at the St. Anns Bay Regional Hospital in Jamaica, and manages the care of cancer patients on a daily basis as a part of his medical practice.

Dr. Glegg is considered a global expert in the field of telehealth law. He presents at several conferences annually in Jamaica, especially on issues related to Ethics and Medicolegal affairs.
